

LAWTON CONNECT

Founded in 1900 by J.B. Lawton, Lawton Connect is the nation’s longest consecutively family-owned printing company – and we continue to evolve and thrive. Anticipating the future and constant innovations are the keys to our success, while our tradition of building trust with every client connection continues to guide our culture.

We are award-winning and provide solutions for customer’s high-quality marketing and print needs. Lawton combines state-of-the-art technology and equipment with the heritage of five generations of excellence. Our facility maintains designated areas for in-house print production, bindery, fulfillment, and distribution.

Based in Orlando, Florida, we serve brand-conscious clients throughout the United States through synergistic and customizable services that include:

- Print (Offset, Digital, Large Format)
- Finishing (Bindery, Die Cutting, Laminating)
- Fulfillment (Mailing, Kitting, Assembly, Packing, Distribution)
- Technology Services (Design, Web-to-Print Storefronts)
- Full Color and Silver Scratch Off Printing
- Custom Playing Cards
- Promotional Items
- Restaurant Solutions
- Photo Based Products

OUR CORE VALUES

- **PARTNERSHIP** ■ Fostering trusting relationships with customers, suppliers, our community, and each other to grow the greater good.
- **COLLABORATION** ■ Integrating our client’s goals to create customized communications that make dynamic and lasting impressions.
- **SMART GRIT** ■ Combining strategic thinking with unwavering perseverance is essential to achieving our mission.
- **ACCOUNTABILITY** ■ Influencing others in positive and proactive ways by taking responsibility for our behaviors and actions.
- **FRICTIONLESS** ■ Driving to streamline our processes, optimize our technology, and simplify our communication to create a seamless experience for all.
- **COMMITMENT** ■ Pursuing excellence in behaviors, actions, knowledge, and delivery.
- **VALUE ADDED** ■ Delivering solutions that solve unmet needs and create new opportunities for our customers, partners, and stakeholders.

CAPABILITIES OVERVIEW

CORE BUSINESS AND SERVICES

Traditional Offset Printing

- Lawton Connect utilizes the latest LED UV technology on our printing presses with inline color management to deliver the finest finished products and provide the most efficient, cost-effective solutions. Our highly-trained team of experts are perfectionists who truly love the art and science of print and finishing.

Digital Offset Printing

- Our digital press is one of the fastest digital production presses on the market that prints with offset quality. Our HP Indigo presses can print on unique substrates and have white and metallic ink capabilities.

Novelty Products

- As an industry leader in custom scratch-off products and playing cards, we help you create a custom experience for your clients and prospects or bring your new game to life.

Digital Wide Format

- At Lawton Connect, wide format means wide variety. Our experienced team can combine wide-format printing with conventional, offset, and digital printed pieces to streamline fulfillment, color consistency, messaging, and installations.

Mail & Distribution

- Whether local or nationwide drop-shipments, our mail department can provide mail list services, data management, variable data print solutions, and more.
- Our 8,000 square feet of warehouse and fulfillment expertise allows us to bring distribution solutions for multi-piece project shipments, kitting, pick-n-pack orders, inventory management, and more.

OUR SUBSIDIARIES

MR. SCRATCH OFF
www.mrscratchoff.com

The anticipation that comes with a scratch off product doesn't just make the experience memorable, it has them coming back for more. Create custom scratch offs for fundraisers, marketing events, employee incentives and more.
